TUSCANY

Influenced by Moroccan tiles, Tuscany exhibits a traditional terracotta aesthetic. The base of the colour palette is formed by the earthy tones of Tan and Biscuit with these warm neutrals offering a soothing, nature-inspired look, ideal for creating an interior that pays homage to the cottagecore trend. The collection also features the striking, bold tones of Lemon, Pistachio, Coral, Azure and Olive to add a sense of contemporary vibrance.

Note: Due to the manufacturing process of all floor tiles there may be small variations in slip resistance. Given this, please refer to our website for the most up-to-date information. The slip resistance properties of a surface can only be maintained with the implementation of an effective regular cleaning and maintenance regime. The frequency of cleaning should be determined by the property manager based on the potential level of surface contaminants. The need for an additional regular cleaning and maintenance regime is further heightened when tiles are used for external floor and wet barefoot applications.
